

# What are those extra footsteps costing you?

Warehouse workers spend an average of 8 minutes walking to printing stations. While that number may seem minuscule, wasted footsteps can ultimately lead to...

**\$4.2**  
BILLION<sup>1</sup>

wasted annually in unproductive labor\*

**227**  
HOURS

lost per worker per year

**15**  
DOLLARS<sup>2</sup>

correctional costs spent per delayed order

**6.9**  
WEEKS<sup>3</sup>

wasted per year in walking alone
