

## Increase Vaccination Throughput & Issue Durable Record Card

Fast, accurate, and secure with Barcodes, Inc. and Zebra Technologies.

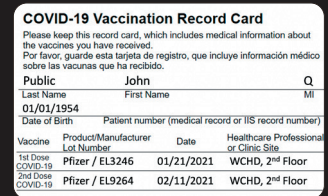

### Multiple Issues:

- Manual processes used thus far are slow, inefficient, and prone to data entry errors.
- Paper vaccination record cards are easily damaged, an inconvenient storage size, and lack security features.

### One Solution:

- Automate data capture from government-issued ID's & vaccine vials and issue a printed vaccination record card that is durable, easy-to-carry, and secure.

Add efficiency to your vaccination sites while delivering a more durable, secure, and convenient vaccination record card.

### TC52X-HC Mobile Computer for quick accurate scanning

- Advanced scanning of government-issued ID's and vaccine vials to increase throughput
- Disinfectant-ready design
- Up to 14hr battery life

### ZC350 mobile printers for reliable card printing

- Fast, reliable printing on both sides in one pass
- Easy to operate
- Convenient compact size
- High quality 300dpi print resolution

### Durable, secure printed cards

- Durable PVC card – no bends or wrinkles
- Convenient credit-card size fits easily in a wallet
- Durable overlay protects against wear
- Security watermark provides counterfeit protection

Discover the most accurate and efficient way to process patients and produce durable COVID Vaccination Record Cards

**Reliable performance  
you can count on from  
Zebra's finest.**

**Vaccination Record Card #1**

**COVID-19 Vaccination Record Card**  
Please keep this record card, which includes medical information about the vaccines you have received.

**Solution Components:**

SKU	Description
TC520K-HC-VAXSYS-ID	TC52X-HealthCare, WLAN for North America; 5" full HD display, integrated 2D imager (SE4720 white/green), NFC, 7 pin bottom connector, dedicated emergency alert button; Android OS, Octa-core processor, 4GB RAM/32GB UFS flash, GMS; Pre-loaded with Vaxsys software. Designed for indoor/outdoor use, durability, disinfectant usage, variable barcode surfaces.
ZC350-DBLWIFI	Dual-sided, direct-to-card printing; USB, Ethernet, & WiFi connectivity; Windows drivers; 2-year warranty. Designed for high quality, durable printer card output; convenient, compact design for where space is a premium.
104523-111	Zebra PVC cards, white, 30 mil thickness, pack of 500 cards per each.
800350-563	Ribbon for ZC350; YMCKLL color ribbon; 200 images per printed side. Zebra exclusive technology, the "LL" ribbon has Long Life technology that places protective layers to provide 4 times more durability than ordinary ribbons. Watermark images can be printed into the protective layers for security and counterfeit protection.

**Fast & Efficient**

Capture data quickly for faster throughput and efficiency across dosages.

**Accurate & Automated**

Reduce risks of manual data entry, link vaccine vials to vaccine record, and support dual-dosage tracking.

**Safe, Secure, Durable & Future-Ready**

Provide a secure, durable card that automates future dosages with 2D barcodes.

**Give your vaccination site tools for increased efficiency and secure, durable vaccination record cards.**
