ADJUSTABILITY. STABILITY. VERSATILITY.

Our Thin Client Mount makes it easier than ever to integrate a thin client or microcomputer into your workspace. The adjustable design adapts to the size of your CPU and attaches with a variety of mounting options.

Compatible with our monitor arms and mounts:

Thin Client mounted to monitor arm

Thin Client mounted to wall mount

FEATURES

- **Adjustability:** Adjusts to secure most small CPUs from .6" to 2.7" wide.
- **Stability:** Straps included for increased flexibility.
- **Versatility:** Attaches to VESA adapter, direct to desk, clamped to pole or a wall track.
