

INFINEA mPOS

Mobilize Your Enterprise®

Scan and **Swipe** from the palm of your hand.

The Infinea mPOS is a multi-purpose, iOS compatible device designed to mobilize your business. With rapid scanning capabilities and mobile payment functions, you can scan, swipe, and process with the touch of a button.

High-Speed Barcode Scanner:

An optional 1D/2D multi-purpose scanner allows the user to rapidly process thousands of barcodes on a fully charged battery. This scanner is perfect for inventory managing and receipt processing.

Mobile Payment Processing:

The Infinea mPOS is equipped to handle a variety of payment options. Rapidly process payments with a bidirectional Magnetic Stripe Reader (MSR) as well as EMV (Chip & Pin). Also features optional Near Field Communication (NFC) functions.

Programmable Alerts:

The Infinea mPOS is equipped with programmable audio and visual alert functions. It features 4 LED visual indicators to signal transactions and device status. This device also includes a programmable electromagnetic buzzer.

Connect and Communicate:

This device features Wi-Fi and Bluetooth capabilities so you can stay connected to your other business devices. Optional Near Field Communication (NFC) enables contactless communication.

Long-Lasting Battery:

This device allows the user to process 10,000 scans or swipes during a full battery charge. Equipped with a 3.7 V Li-ion battery and rapid recharge capabilities, the Infinea mPOS keeps your business mobile around the clock.

Industry Use:

The Infinea mPOS is ready to tackle your mobile payment and scanning needs. Perfect for mobile transactions, receipt processing, and inventory management, the Infinea mPOS allows you to mobilize your enterprise from the palm of your hand!
