Service plan purchased: Yes [] No []

RULES AND REGULATIONS: The 9500 Trade-in Program begins July 30th, 2009. The 9500 Trade-in Program does not apply to 9900 units purchased prior to July 1, 2009. Only 9500 End Users are eligible to participate in the 9500 Trade-in Program, the Program does not apply to Honeywell resellers or distributors. All 9900 configurations are eligible for trade-in rebates as part of this program. All 9500 configurations, including custom configurations, are eligible for Trade-in. All 9500 mobile units returned as part of this Trade-in program need to be in working condition. "Working condition" means that the unit needs to power up and initialize as determined by Honeywell. All 9500 mobile units received as part of this program will become the sole property of Honeywell Scanning and Mobility and will not be returned to the original owner. The owner relinquishes all right, title and interest in the 9500 upon shipment to Honeywell Scanning and Mobility. In order to receive the Trade-in rebate, the 9500 mobile units need to be returned within 120 days of receipt of the Trade-in coupon. All returned 9500 units need to be returned with a copy of proof of 9900 purchase and Trade-in Coupon in order to qualify. Program participants are required to fill out the Trade-in Coupon and scan/fax back a copy of invoice with proof of 9900 mobile computer purchase to (856) 374-1879. (See separate instructions on how to obtain the Trade-in Coupon). Customers are responsible for any shipping, charges and insurance for the return of 9500 units. Customers are responsible for tracking shipments to Honeywell. Honeywell is not responsible for units lost in transit. Trade-in amounts will be determined by the number of eligible 9500 units traded in and the corresponding number of eligible new 9900 units purchased (1:1 ratio). Trade-in rebate amount is determined by the amount specified below as part of the trade-in program. The trade-in rebate below is only valid on standard pricing. Honeywell reserves the right to change the value of the trade-in rebate reimbursement based on any negotiated price exceptions. Please allow Honeywell 10-12 weeks processing time to verify functionality of units and processing of trade-in rebate prior to receipt of the applicable Trade-in amount. The promotion cannot be combined with any other Honeywell promotion. Honeywell has the right to change, cancel, modify or end this promotion without prior notice. Valid for product sales in the US and CA. All Trade-in amounts are in USD. 9500 Trade-in Program Details: The Trade-in amount is \$150.00 for each 9500 mobile computer returned in working condition with proof of purchase of a new 9900 mobile computer.
